**Damage waiver value is valid for charters of maximum duration 2 weeks.*

*For charters with longer duration, the non-ref amount of damage waiver is surcharged by 50% for each additional week.**

For all bareboat charters cover against damage or loss to the yacht and her equipment is required and can be settled in two different ways, as further analyzed below. During the booking process the charterer is required to select one of the available deposit options and inform Kekeris Yachts in written confirmation, so as the booking confirmation / invoice to be issued.

1st option: Damage Waiver*

- When choosing the Damage Waiver, a sum of between 250,00 € and 400,00 € -depending on the yacht size- is required and should be paid in advance along with the charter fee and cannot be refunded in any case.
In addition, a sum of between 850,00 € and 1.250,00 € -depending on the yacht size- as damage deposit will be asked at base prior to embarkation. This amount will cover damages or losses of the yacht and her equipment during the charter period and is refundable in case of no damages, losses, or breaches. The damage deposit applies per accident (damage / loss). In case an incident occurs, which cost is twice the value of the damage deposit, to be covered against a 2nd incident the charterer must replenish the damage deposit to the initial amount. The new deposit is refundable in the end of the charter in case of no damages, losses, or breaches. In any other case, the charter agreement may be terminated.
Damage waiver value is valid for charters of maximum duration 2 weeks. For charters with longer duration, the non-ref amount of damage waiver is surcharged by 50% for each additional week.
The company reserves the right not to accept the damage waiver for specific charters.

2nd option: Security Deposit*

- When choosing the Security Deposit, a sum of between 2.500,00 € and 4.000,00 € -depending on the yacht size- will be asked at base prior to embarkation. This amount will cover damages or losses of the yacht and her equipment during the charter period and is refundable in case of no damages, losses, or breaches. The Security Deposit is payable either by credit card or in cash. The company reserves the right not to accept payment of Security Deposit in cash. The Security Deposit applies per accident (damage / loss). In case an incident occurs, which cost is more than 2/3 of the deposit's value, to be covered against a 2nd incident the charterer must replenish the security deposit to the initial amount. The new deposit is refundable in the end of the charter in case of no damages, losses, or breaches. In any other case, the charter agreement may be terminated.

**You may contact us for the detailed policy of each deposit option.*
