Athens Base

Welcome on board

Prior to your arrival at base

Please make sure that we have received the following documents and information which are required the latest one week prior to your embarkation.

- Charterer's Passport number
- Copy of skipper's sailing license
- Crew list
- Arrival details & flight numbers
- Charterer's mobile number
- Special requirements and info

In case of late arrival

Our staff will wait for you until sunset. If your arrival is later than this, your yacht will be ready and unlocked, so you can board alone finding the keys on the chart table.

Please make sure you have pre ordered the correct number of bedding / towels sets that you will need, and they will be left inside the yacht.

Briefing and check-in procedures will take place the next morning at 09.00.

In such cases we would suggest pre-ordering your provisions through our provisioning service. In case you will face any difficulty or problem upon arrival at the yacht, please do not hesitate to contact our technical support.

Provisioning

Supermarket is located just outside of Alimos Marina, on Poseidonos Avenue.

Greek traditional market is also available nearby, providing pick-up service from the marina.

On Saturdays they close at 20.00 - on Sundays are closed!

Pre-ordered provisioning service available upon request. Please contact us for provisioning list.

Facilities

Hot water showers and toilets at 50m. distance from our base in pier 6.

Water and electricity supply available on the pier.

Wi-Fi internet connection available at base - free of charge log-in codes can be provided from marina's office.

ATM cash point is to be found next to the port authorities' office. Some bank stores are located outside the marina within walking distance.

All day cafe/restaurant "Dia Noche" exactly opposite pier 6.

Check-in procedure

Check-in procedure must be performed with the Skipper only, and involves 2 steps:

Briefing / Documentation
at Kekeris Yachts welcome desk

Inventory list /
Technical inspection of the yacht

Prior to your embarkation you are kindly requested to provide to our base manager all required documents. After briefing we will take care of all necessary procedures regarding authorization of embarkation from the port authorities.

The payment of security deposit, as well as of obligatory and optional extras, will be processed during briefing.

For the check in procedure, you will be provided with inventory list and acceptance statement, so you can check and confirm the equipment delivered with the yacht and her general condition. Our base staff is available to assist you for any queries regarding all functional / operational features of the yacht and her equipment.

For any additional information you may need, please contact our base manager.

Check-out procedure

Check-out procedure will take place upon your return to base, and involves 3 steps:

Mooring /
refilling with diesel

Technical inspection /
Diver's underwater check

Deposit's release
procedure - *where
applicable*

After mooring the yacht at the indicated berth, the fuel will be delivered by a tanker truck, in order to refill the tank.

The check-out procedure will be performed by our technicians, who will come on board with your permission, to inspect the yacht and her equipment. The yacht will also be checked underwater by professional diver. It is suggested that the skipper should be present during the whole check out procedure, so as to avoid any inconvenience.

Please kindly note that this inspection is detailed, as we need to make record of any sort of problem, in order to assure that the yacht will be in perfect condition also for the following charter. For the above mentioned reason, if you have personally noticed any malfunction during your trip (even minor ones), please be so kind to advise our staff promptly.

Check out procedure is being finalised by releasing your security deposit once the technical inspection and the underwater check have been processed. In case of damages or losses, our base manager will inform you in detail regarding the necessary steps. If other deposit type has
